CORFIN COMPRESSOR OIL
Mineral-Based Compressor Oil

Mineral-Based Compressor Oil; This is a high-quality, mineral-based oil developed for screw and vane type compressors. With its superior performance additives and high-quality base oils, it more than meets the specifications of leading compressor manufacturers.

Properties

- Zinc-free technology prevents sediment formation.
- Superior oxidation stability increases service life even under harsh conditions
- Low evaporation level minimizes oil consumption
- Provides excellent temperature stability even under high operating conditions
- Offers high protection against rust and wear in the compressor
- Advanced water and air separation capabilities ensure high performance.
- Extends the service life of filter elements
- Extends oil change intervals

Application

It is designed for lubrication and cooling of all types of screw and vane type compressors. It is compatible with the sealing elements used in compressors.

CORFIN COMPRESSOR OIL
Mineral-Based Compressor Oil

		46	68	100
Appearance	Visual		Clear and Bright	
Viscosity (40 °C)	ASTM D445	46	68	100
Viscosity Index	ASTM D2270		Min. 100	
Flash Point (°C)	ASTM D92		Min. 200	
Pour Point (°C)	ASTM D97	<-20	<-18	<-15
Copper Corrosion (3h - 100°C)	ASTM D130		1 A	
Density (20°C - g/ml)	ASTM D1298	0,87	0,875	0,88
